FOR FEAR OF WANT.

A Chicago Man Kills His Three Children and Himself.

CHICAGO, April 15.—While brooding over the idea that his family would suffer from want, John Lehman yesterday shot and killed his three children. After committing the terrible deed Lehman attempted to end his own life by hanging, but failing in this, he turned the revolver upon himself and sent a bullet through his heart, killing himself instantly. The names of the dead are, John Lehman, 38 years old; Clara Lehman, 5 years; Bertha Lehman, 3 years.

An infant, 4 months old, not yet named.

For eight years Lehman had been in the employ of the West Chicago Street Railway company, and during the greater part of that time had been a driver on the Center Avenue line. Lehman had saved \$1,500. This money is deposited in one of the city banks. The family lived comfortably and wanted for nothing. Notwithstanding that fact Lehman worried a great deal. He had a fear that some day his savings would be swept away and his family would become dependent upon charity. He gradually grew worse and of late when at home he talked of nothing else.

Mrs. Lehman and Henry Lehman, her young stepson, were away from home when the tragedy occurred. At 5:30 o'clock Henry Lehman returned and found that his father had killed all the children and himself. Minnie Lehman, a daughter who had not returned from school, was beside Henry, the only child to escape, and both would have been killed had they been at home for their father was asking for them a short time before they returned and found the bodies. All the children were shot through the head and killed instantly. The body of Lehman was found lying in the bath room upstairs. A piece of clothesline was around his neck showing that he had attempted to hang himself.

Electric Bitters.

Electric Bitters is a medicine suited for any season, but perhaps more generally needed in the Spring, when the languid exhausted feeling prevails, when the liver is torpid and sluggish and the need of tonic and alterative is felt. A prompt use of this medicine has often averted long and perhaps fatal bilious fevers. No medicine will act more surely in counteracting and freeing the system from the malaria poison. Headache, Indigestion, Constipation, Dizziness, yield to Electric Bitters. Only fifty cents per bottle at J. James Wood's drug store. Regular size 50c and \$1.

Marvelous Results.

From a letter written by Rev. J. Gunderman, of Dimondale, Mich., we are permitted to make this extract: "I have no hesitation in recommending Dr. King's New Discovery, as the results were almost marvelous in the case of my wife. While I was pastor of the Baptist Church at Rives Junction she was brought down with Pneumonia succeeding La Grippa. Terrible paroxysms of coughing would last hours with little interruption and it seemed as if she could not survive them. A friend recommended Dr. King's New Discovery; it was quick in its work and highly satisfactory in results." Trial bottles free at J. James Wood's drug store. Regular size 50c and \$1.

RESIDENCE BURNED.

The Miller Dwelling on East Fourth Street Gutted by Fire Last Night.

A two-story double frame residence on north side of East Fourth street belonging to Squire Jacob Miller was gutted by fire shortly after 11 o'clock last night.

One part of the house was occupied by Mr. Tom Cook and family, the other side being vacant. The fire was the result of an accident. Mis. Cook was descending the stairs with a lamp when she tripped and fell, breaking the lamp.

The fire spread rapidly and the building was a mass of flames before the department could get to work.

Mr. Cook lost most all his household goods. Mrs. Cook had a narrow escape.

The damage on the building is placed at \$1,600. Insured for \$800 in Mr. G. S. Judd's agency.

The fire seemed to have had the house marked. It has been the scene of half a dozen or more small blazes of late years.

M'KINLEYITES WIN.

Ninth Congressional District Gives Bradley a Black Eye.

Bitter Fight For Delegates—Mason's Man Defeated by a Slick Trick Judge Pugh Renominated.

The Republicans of the Ninth Congressional district have taken some more of the wind out of Bradley's Presidential boom.

They gave the Governor a black eye at their conventions in this city Tuesday.

The manner in which the mention of the Governor's name was received was chilling in the extreme to his ardent admirers. Of a truth, however, he didn't seem to have many friends in the convention.

The mention of McKinley's name was about the only thing that seemed to warm up the boys.

Hon. Ed. Daum, of Bracken, called the convention to order at 10:45 and said that some confusion seemed to exist as to the time and object of the two conventions. The Congressional convention he stated was to meet at 10:30 to nominate a candidate for Congress and also to name a new member of the State Central Committee. Daum thanked the party for the honor of serving as their District Chairman for the past four years. He thought, or said so, that the Republicans had accomplished wonders during the two years; they had elected Pugh and the great, pure and only brilliant Billy O. Bradley, &c.

Judge Hutchins nominated O. S. Deming for permanent Chairman. This brought on a lengthy and wordy discussion between Mr. Burns, of Boyd, and Dr. Bowman, of Lewis. The two latter asked that the business of the convention proceed regularly, and they moved that the convention first elect a temporary organization.

Captain Hutchins explained that his motion was made in order to hurry the work of the convention. He said that it didn't matter one way or the other, as there was only one candidate to be voted for—Pugh.

Burns insisted that the convention regularly proceed to the election of a temporary Chairman and Secretary.

The temporary organization was finally effected by the election of Judge Deming, of Robertson, Chairman, and Thomas A. Davis, of Mason, Secretary, with all other Republican newspaper men as assistants.

Judge Deming on assuming the chair delivered a speech, or rather read one. He took a shot at the British lion and was in favor of twisting the animal's tail until the beast's howls could be heard throughout the land. He complimented all the prominent g. o. p. aspirants for the Presidency. The mention of Gov. Bradley's name was greeted with a few faint hand claps. McKinley's name came next and the cheers that greeted the Ohioan's name showed how the crowd stood on this question. Deming thanked the convention for the honor and plead for patient cooperation. He said in 1859 he was about the only Republican in the district and now there were thousands, and that victory had perched on the Republican standard, and pointed to the magnificent change in politics, closing by asking renewed allegiance to the flag and to make Louisville the magic password to a united brotherhood and party.

A call of the counties followed for the appointment of Committees on Credentials and Resolutions. These committees were named, Hon. W. H. Wadsworth representing Mason on the first committee and Milton Johnson, Esq., on the second.

While the committees were out the delegates were entertained with short speeches by John P. McCartney, of Fleming, and W. A. Byron, of Bracken.

The Committee on Credentials reported the full list of delegates. All the counties were represented, but some of them had rather slim delegations. Rowan had only one delegate,—Howard M. Logan,—Bath sent only two and Carter less than half a dozen. The report was adopted.

The Committee on Resolutions reported the following:

Resolved, That we indorse the call for this convention, and the platform adopted by the Louisville Republican convention held June 5, 1895.

2. We approve the efforts of Governor W. O. Bradley to preserve order during the riotous scenes in Frankfort and we enthusiastically endorse his administration.

3. That the temporary organization be made the permanent organization.

4. We heartily indorse the course of Hon. Sam J. Pugh in Congress and we hereby recommend his nomination as the Republican candidate for Congress in the Ninth Congressional district of Kentucky.

The resolutions were adopted.

On motion the convention proceeded at once to nominate a candidate for Congress.

Judge Hutchins nominated Representative Sam J. Pugh for re-election. The nomination was seconded by Hon. Frank

Prater, of Carter, and Judge Wadsworth, of this city, and then the nomination was made by acclamation.

Some of the delegates wanted to choose a District Chairman, but this was ruled out of order, and the convention then adjourned till 2 p. m.

The convention reassembled at 2 o'clock to select district delegates to the national convention, a member of the State Central Committee and nominate a candidate for elector. They went through the formality of reorganizing, although most everybody seemed anxious to expedite matters.

Committees on rules, permanent organization and resolutions, consisting of one from each county, were appointed. Judge Hutchins represented Mason on the Committee on Organization, Milton Johnson on the Committee on Rules and W. H. Wadsworth on the Committee on Resolutions.

The Committee on Permanent Organization reported R. D. Davis, of Ashland, for Chairman and Thomas A. Davis for Secretary, with all other Republican newspaper men for assistants. Adopted.

Chairman Davis was escorted to his position and provoked a laugh at Judge Deming's expense by stating that he had left his speech at home. He added that they would proceed at once to business.

The Committee on Rules reported, naming the order of business and limiting to three minutes all speeches nominating candidates for district delegate and for other positions to be filled. The report also specified that only one person could be voted for on any ballot for district delegate.

The Committee on Resolutions was not ready to report, and the convention voted to proceed with the order of business.

A call of the counties was had for nominations for district delegate. George M. Dickey, of Harrison, John P. McCartney, of Fleming, and A. M. J. Cochran, of Mason, were placed in nomination.

The first ballot resulted in the election of Mr. McCartney, the vote as announced standing as follows: McCartney 108, Dickey 33 and Cochran 51.

The Chairman ruled that nominations were again in order for the remaining position of delegate. Col. Frank Coles, of Ashland, was the only new aspirant named. The ballot resulted: Dickey 26, Coles 85, Cochran 81. No election.

The only sensational incident of the day transpired during the third ballot, and times were lively for a few minutes. The Fleming delegation had been solid for Cochran all along, but one of the delegates got the floor and cast three of Fleming's votes for Coles, giving him just enough to elect. Col. McCartney came running in a moment later and rapping one of the delegates over the shoulder with a paper wanted to know what they meant. He entered a strong protest against any of the vote going to Coles.

Hon. R. C. Burns, Coles' right hand man, got the floor and said one of the fundamental principles of the Republican party is that every man is a free man and has the right to vote as he pleases. He said Fleming's vote had been cast, Mr. Coles had been elected, and in the name of the 2,500 Republican majority of the eastern end of the district he "dared any political boss to change the vote."

This infuriated McCartney and with long strides he rushed down the aisle and climbed over on the stage. The convention was in an uproar. A Carter County delegate joined Burns in his challenge to change the vote. McCartney made a hot reply to Burns, shook his fist at him and told him he was always ready to accept any challenge.

In the midst of the wrangle, Harrison County withdrew Dickey and cast her fifteen votes for Coles, settling the fight in favor of the Ashland man.

A telegram from Congressman Pugh was read by Judge Wadsworth, thanking the convention for honoring him with a re-nomination.

Dr. T. S. Bradford, of Augusta, and Judge J. B. Wilhoit, of Grayson, were elected alternate delegates by acclamation.

The Committee on Resolutions was now given the floor and presented two reports. They stood 7 to 6. The majority report endorsed Bradley's administration, but instructed the delegates for McKinley for President. The minority wanted to instruct for Bradley first, with McKinley as a second choice. The majority report instructing for McKinley was adopted by a vote of 112 to 80.

Robert Buckler, of Mt. Olivet, was nominated for district elector by acclamation, and J. S. Huff of Carlisle was chosen a member of the State Central Committee by acclamation.

Dr. Bowman nominated H. D. Gregory, of Carter, for District Chairman. Some one suggested that the district's member of the State Central Committee was District Chairman. The delegate from Tipton insisted that he "knew what he was about," and Mr. Gregory was elected.

Mr. Burns then made the point of order that Mr. Gregory's election was no good, and that Mr. Huff was District Chairman. The Chair so ruled, and Dr. Bowman found out that he didn't "know what he was about."

Judge Deming was recommended for one of the electors at large.

The delegates were in a hurry to catch

the 4 o'clock train for Louisville, and the convention adjourned itself in much confusion without completing the business before it.

The defeat of Mr. Cochran for district delegate was accomplished by a very shrewd trick worked by Col. Coles' right hand man, Hon. R. C. Burns. Coles' friends figured out 121 votes for McCartney and 113 votes for Cochran, including the 18 from Lawrence who were also instured for Coles. Without these 18 votes Cochran would lack a few of election, so Coles' friends hit upon a scheme to bring the fight between him and Cochran, being assured of Lawrence's vote in that event. This was accomplished by the rule reported by Mr. Burns, allowing the counties to vote for only one candidate on any ballot. McCartney won on first ballot, and then came the fight between Coles and Cochran, and as Lawrence could vote for only one of these her vote naturally went to her close political neighbor, and the Ashland man won. The devilment was done before the Mason countians dropped on to the trick.

LOUISVILLE TOBACCO MARKET.

Offerings Last Week Were Large.
Prices Irregular and in the Main Unsatisfactory.

The following is furnished by Glover & Durrett, of the Louisville Tobacco Warehouse:

Sales on our market for the week just closed amount to 3,985 hds., with receipts for the same period 2,477 hds. Sales on our market since January 1st amount to 60,172 hds. Sales of the crop of 1895 on our market to this date amount to 58,026 hds.

The offerings of burley tobacco have been large on our market again this week, with prices irregular and in the main unsatisfactory. However, some sales of the leaf have been made at higher figures than have been realized for some weeks past, \$20 per hundred being obtained. The market is nearer satisfactory for the short, common to medium grades of red burley than for any other style. The good grades of leaf such as sold early in the season from \$12 to \$16, show a decided decline within the past month. The time of your has now arrived when a careful regard must be had for the condition of tobacco. Notwithstanding the general low values now prevailing, preparations are being made for another full planting, thus indicating that the only immediate remedy available (in short crop) is not likely to be applied.

The following quotations fairly represent our market for burley tobacco, (1895 crop):

Trash (dark or damaged). \$ 75⁰⁰ 1⁵⁰
Common color trash. 2 00⁰⁰ 1⁰⁰
Medium to good color trash. 1 00⁰⁰ 1⁰⁰
Common lugs, not color. 2 00⁰⁰ 4⁰⁰
Common color lugs. 1 50⁰⁰ 7⁰⁰
Medium to good color lugs. 7 00⁰⁰ 3⁰⁰
Common to medium leaf. 5 00⁰⁰ 1⁰⁰
Medium to good leaf. 10 00⁰⁰ 1⁰⁰
Good to fine leaf. 13 00⁰⁰ 1⁰⁰
Select wrapper leaf. 18 00⁰⁰ 2⁰⁰

The above quotations are not applicable to green and frosted crops.

CINCINNATI TOBACCO MARKET.

Sales Light the Past Week—No Improvement in Prices—Better Market Expected.

The Cincinnati Leaf Tobacco Warehouse Company, in its circular for the week, has the following:

There has been no improvement in the tobacco trade for the past week, although the sales have been remarkably light for this season of the year. The offerings have not shown any improvement in quality, and while there has been a full attendance of buyers, they do not show disposition to advance prices of the low grades over those established some weeks ago, but when a few good hogheads are offered there is good competition, and as a rule the sellers are satisfied. There is a good deal of speculation among the tobacco men in regard to the future of the trade, and while there are some who firmly believe there will be an improvement over the present market, the largest majority are of the opinion that the crop being marketed will continue about the present established prices, and this may be the opinion of the manufacturers, or they would be more liberal in their purchases at the present time. There appears to be a disposition upon the part of the manufacturers to purchase for the future, and no doubt this will continue the entire season.

No improvement can be noted on the old stock, but it does fluctuate considerably, as some hogheads bring acceptable prices, while others of the same quality are neglected. Therefore, about one half of the offerings are sold.

There is very little purchasing in the country by the speculators, and a large portion of the crop is still in the hands of the farmers, who feel like waiting a while longer before shipping to market, as the largest portion of them prefer to sell at home and are in hopes some change may occur that will put the country speculator in the field again.

Some very good tobacco from West Virginia was offered at the Globe House this week, and the prices were fully as high as at any time this year, and the shippers were well pleased, but no doubt the quality of the tobacco was the reason of the good prices.

With the small sales, the past week, and the

light receipts, we cannot see why we should not have a better market this coming week, as the buyers will surely show more competition to fit their demands.

Children Burned to Death.

HUNTINGTON, W. Va., April 15.—Late yesterday afternoon three young children of Sheridan Moore were burned to death in a barn near their home, 40 miles south of here. They went to the barn to play and half an hour later the barn was wrapped in flames and all entranced cut off. The poor mother was the only one near and assistance was impossible. It is supposed they were playing with matches.

Only as It Should Be.

ATHENS, April 15.—A nurse who had been one of the palace attendants since the birth of the crown prince, in 1888, died Monday and the king and the princess attended the funeral yesterday. They were deeply affected. The king, the crown prince and Prince George and Nicholas carried the coffin and the hearse was followed on foot to the cemetery by the ladies and gentlemen of the court.
